Saira Khan is currently a graduate student in the 5th year ADP MS-GIS program. She completed her Bachelor’s degree last May in Geography and International Development and Social Change. Saira is interested in using GIS applications to better understand humanitarian conflict and natural disasters. Last summer she worked with the Harvard Humanitarian Initiative, where she conducted research and preliminary data analysis on a disaster resilience project set in the Philippines.

**Mondays** 12 - 2:45 PM  
**Wednesdays** 12 - 5 PM  
**Fridays** 9 AM - 12 PM

Will Heikes is currently a graduate student in the 5th year ADP MS-GIS program. He completed his Bachelor’s degree last May in Geography and Economics. Will is interested in the connections between popular music and geography, and utilizing social media in his analysis.

**Wednesdays** 9 AM - 12 PM  
**Thursdays** 12 - 5 PM  
**Fridays** 3 - 5 PM

Help Desk hours follow a University schedule. Hours may be limited or extended during midterms/final exams. Changes will be announced via email or posted on the Clark University Geography Facebook page. Appointments operate on a first-come, first-serve drop-in basis unless otherwise scheduled.
