Thank you for your interest in the Graduate School of Geography Doctoral Program at Clark University. We are happy to have prospective students visit the Department; visitors have the opportunity to meet with professors and students, tour the campus and attend a class. It is most beneficial to visit when classes are in session and when most students and professors are available.

Please see [http://www.clarku.edu/offices/src/calendar](http://www.clarku.edu/offices/src/calendar) for the Clark University Academic Calendar, where you can learn when classes will be in session.

**Please note, the Graduate School of Geography needs a two week period to arrange your visit. Best times to visit in the fall are second week of September to the first week in December**
