As the only AACSB-accredited school in central Massachusetts to offer a master’s in Accounting program, we are committed to instilling strong ethical business practices and preparing you to take on increasingly complex financial responsibilities in today’s global economy. We have a strong commitment to the Principles for Responsible Management Education (PRME), integrating sustainability and social responsibility into our research and teaching.

You learn essential business and accounting skills that propel your professional career in a culture that emphasizes responsible leadership. By considering legal, political, ethical, social and environmental issues, along with technical accounting knowledge, you gain an integrated perspective and cross-sector skill set that uniquely position you to impact both your organization and society.

- Opportunity to complete your degree at your own pace, potentially within a year
- Accredited by AACSB International—a designation shared by fewer than 5 percent of business schools worldwide
- Featured in the list of Princeton Review’s Best 295 Business Schools of 2016
- Flexible part- and full-time course options with evening, day, online, summer, and accelerated classes during winter and spring breaks
- Small, convenient evening courses offered in Worcester and our Southborough campus
- Collaborative learning environment where you receive personal attention
- Degree automatically satisfies the education requirement to sit for the CPA exam in Massachusetts

DEGREE
Master of Science in Accounting

DEGREE REQUIREMENTS
The program requires 10 units that include five core courses and five electives. In addition, two required foundation courses may be satisfied by prior coursework, or taken at Clark at the beginning of the program. Students with extensive prior accounting coursework may substitute elective courses for waived core courses to meet the 10-course program requirement. With adequate planning and sufficient course loads each semester, full-time students can complete the program in one year and part-time students can achieve their degree in two to three years.
APPLICATION REQUIREMENTS

- Completed graduate school application
- Official transcripts from all previous undergraduate and/or graduate institutions
- Two letters of recommendation
- Résumé
- Statement of purpose
- Official GRE or GMAT scores*
- TOEFL scores**
- Application fee ($100)

Complete an application.

clarku.edu/graduate

* The GRE/GMAT requirement is optional for part-time applicants with three or more years of professional full-time work experience.
** Required only for international applicants.

FINANCIAL ASSISTANCE

The Graduate School of Management offers generous merit-based tuition scholarships to qualified full- and part-time students. Competitive candidates for scholarships have strong academic credentials, test scores, leadership abilities and potential for professional success. Part-time students may also take advantage of a corporate discount depending on employer eligibility.
