Title of Project: IT

Main Contact: Karen Doherty – kdoherty@clarku.edu in University Advancement
Clark Ext: 7718

Duration: Minimum of 180 hours.

Deadline: April 1, 2017

Location: New York, NY

Position Description:
IT Team: Software development. Prior LEEP Fellows have worked as part of a small team developing Web applications in an agile, test-driven environment, working closely with the team and senior architect. LEEP Fellows implement and unit-tested RESTful Web services in Java using Spring, Hibernate and MySql, where the implementation was based around unified modeling language designs written by the architect.

Qualifications:
Prefer computer science major with knowledge of application development languages such as Java, Drupal or Ruby on Rails.

Housing: Housing will not be provided. Students are responsible for finding their own housing.

For more info: Please visit: http://www.axispoint.com

Funding: $2500 Available through the LEEP Fellows Program.

How to Apply:
Tell us why you want to join the team. Please email your cover letter and resume to Karen Doherty – kdoherty@clarku.edu in University Advancement

To apply for LEEP Funding and to be considered as a LEEP fellow, students must secure the position and complete the LEEP Fellows Application Process by March 3 (for early decision) or April 14th. Students will be required to submit a resume, cover letter, and a proposal outlining how they will complete their project.

Additional position information is available through Clark Recruiter. (Recommendation letters should be emailed directly to rmaddox@clarku.edu)
