Help Document Series: Connecting to your cMail account using IMAP or POP in Outlook Express

This document will provide you with the necessary settings to create an IMAP or POP3 connection using an e-mail program, such as Outlook Express. The remainder of this document will walk you through the specific steps in setting up Outlook Express.

General settings to access your Exchange mailbox independent of the software used.

Incoming Server (IMAP): “cmail.clarku.edu”

Outgoing Server (SMTP): “cmail.clarku.edu”

Incoming and outgoing servers require password authentication (your Clark Account password) and an encrypted connection (TLS or SSL).

To set up Outlook Express, follow the instructions below.

Step 1
If you have not used Outlook Express before, the Internet Connection Wizard may open when the program does. Cancel this.

With Outlook Express open, click the Tools menu to expand a dropdown menu, and click on the option Accounts…. This will open a new window named Internet Accounts.
Step 2
Click the Add button to open a new menu, and select Mail… by clicking on it. This will open a new window, Internet Connection Wizard.

Step 3
In the Display name: text field, type in your name, as you wish it to be displayed, for your email account. Click the Next button when you are ready to continue.
Step 4
In the **E-mail address:** text field, type in “username@clarku.edu”, substituting your Clark Account username and click the **Next** button.

Step 5
Click on the blue arrow to open a dropdown menu, and select **IMAP** by clicking on it. Next, type “cmail.clarku.edu” into the **Incoming mail (POP3, IMAP, or HTTP) server:** and **Outgoing mail (SMTP) server:** text fields. Then click the **Next** button.

If you have any questions, or require further assistance, please contact the ITS Help Desk at 508.793.7745 or helpdesk@clarku.edu.

Step 6
In the **Account name:** text field, type in your Clark Account username. Then type your Clark Account password into the **Password:** text field.

If the computer you are using is not shared with multiple people, you may want to check the box next to **Remember password.**

Click the **Next** button to continue.

---

Step 7
Now click the **Finish** button; this will close this window and return you to the **Internet Accounts** window.

---

If you have any questions, or require further assistance, please contact the ITS Help Desk at **508.793.7745** or **helpdesk@clarku.edu**.

Connecting to your cMail via IMAP or POP using Outlook Express

Step 8
Select the cmail.clarku.edu account by clicking on it once. Then click the Properties button. This will open a new window: cmail.clarku.edu Properties.

Step 9
Change to the Servers tab by clicking on it. Next, click on the My server requires authentication box to check it off.

If you have any questions, or require further assistance, please contact the ITS Help Desk at 508.793.7745 or helpdesk@clarku.edu.
12/19/07
Step 10
In the same window click on the Advanced tab and then check off both boxes next to This server requires a secure connection (SSL).

Make sure that the number next to Incoming server (IMAP): changed to “993”, and change the number next to Outgoing server (SMTP): to “465”.

Then, click the OK button to close this window and click the Close button in the Internet Accounts window.

Step 11
You will next be prompted with an Outlook Express window asking Would you like to download the folders from the mail server you added?. Click the Yes button and a new window called Show/Hide IMAP Folders will open. Now, click the OK button to close this window.

If you have any questions, or require further assistance, please contact the ITS Help Desk at 508.793.7745 or helpdesk@clarku.edu.
12/19/07
Step 12
Select the cmail.clarku.edu mailbox by clicking on it once. Next, click the Send/Recv button in the top toolbar, and Outlook Express should automatically start retrieving all of your e-mail that is on the cMail server. A copy of each email will remain on the server until you decide to move or delete it from the server.

If you have any questions, or require further assistance, please contact the ITS Help Desk at 508.793.7745 or helpdesk@clarku.edu.
