Re: Comments Regarding Min Hill Water Tower Building Data Package
Mund Plant, Ohio

Dear M. Lucas:

The Mansburg Mund Community Improvement Corporation (MCIC) appreciates the opportunity to review the Min Hill Water Tower Building Data Package, Public Review Draft. Our comments are included on the attached sheet. For your convenience, and where applicable, we have arranged the comments in two categories labeled "Substantive" and "Errata". The "Substantive" comments are ones that we believe are critical to our interpretation of the document. "Errata" comments are comments of an editorial nature and do not have a significant impact on the document.

If you have any questions, please contact me.

Sincerely,

MCIC

Daniel D. Bird, FAICP
Planning Manager

MMCIC Comments

Subject	Min Hill Water Tower Building Data Package
Version	Public Review Draft March 2004

Substantive Comments

1. MMCIC concurs with the planned demolition of the Min Hill Water Tower. Per the Building Data Package, MMCIC is satisfied that the water tower will be demolished in accordance with good engineering practice.
2. MMCIC understands that no specific response to the above comment is necessary, and MMCIC further understands these comments will be included in the final Building Data Package.

Errata

1. No Comments.

Daniel D Bird, FAICP
Planning Manager
MMCIC
