

Media Services pricing at Clark*

*(Effective June 1, 2013)

Tier 1

Tier 1 pricing, subject to availability, is generally applied to equipment reserved by departments or offices at the University for educational or administrative function. (The term "educational" is generally understood to include services required for courses, course delivery and/or directly related course activities. It **may** also include educational activities organized by Student Life, Human Resources, Career Services, etc. It does not generally apply to events such as Commencement, Alumni Weekend, Orientation, etc.)

Tier 2

Tier 2 pricing, subject to availability, is generally applied to equipment or services reserved for University events that are open to the public and University related use that is neither course related nor administrative in nature. These "fee for use" activities might include but are not limited to: Alumni events, public lectures or concerts, entertainment functions sponsored by student organizations, events funded or associated with grants, etc. Tier 2 would also include use by non-profit groups hosting an event at Clark affiliated with a department or individual.

Tier 3

Tier 3 pricing, subject to availability, is generally applied to equipment or services reserved for events characterized as "external".
